

NMEA 2000 GATEWAY MODULE ASSEMBLY CAN P MULTIENGINE (SINGLE THROUGH QUAD APPLICATIONS) AND CAN H MULTIENGINE (DUAL THROUGH QUAD APPLICATIONS)

IMPORTANT: This document guides our dealers, boatbuilders, and company service personnel in the proper installation or service of our products. If you have not been trained in the recommended servicing or installation procedures for these or similar Mercury Marine products, have the work performed by an authorized Mercury Marine dealer technician. Improper installation or servicing of the Mercury product could result in damage to the product or personal injury to those installing or operating the product.

NOTE: After completing installation, place these instructions with the product for the owner's future use.

Gateway Module Assemblies

Components in Kit

Features

The CAN light and NMEA light will turn on when data is being transmitted through the Gateway.

NOTE: This installation instruction covers the installation of CAN P multiengine Gateway module used on single engine through quad engine applications. It also includes CAN H multiengine applications, dual through quad used with autopilot systems.
